

A Glorious Year: All the Award and Accolades

Winner: Nedbank Property Professional Awards - Young Lion

"It is not the meek, but rather the Young Lions who will inherit the world of real estate. An intensely focused new generation of entrepreneur has already demonstrated their qualities of imagination and energy, equal to some awesome prospects for the future of the industry. These Young Lions have redealt the pack, accelerating the steam roller of new thinking and generally influencing ideas and attitudes on both scores."

A Nedbank "Young Lion" is described as a person that displays the qualities of performance and productivity that raise above all expectations to reach unique levels of achievement. During the 2010 Nedbank Property Professional Awards, the panel of honorary judges and trustees could think of no better person that display these qualities, other than Mark Corbett – CEO of Century Property Developments. Growing in stature year after year, the Nedbank Property Association Awards is the jewel in the crown of the local property industry. On 4 September 2010, the Arabella Western Cape Hotel and Spa played host to the Nedbank Property Association Awards for the fifth consecutive year. For the past eight years, the Awards have duly recognized and rewarded the values of performance and leadership in South African real estate. This year is no exception when the ultimate real estate achievers was once again applauded and rewarded. The awards ceremony followed an in-depth and rigorous judging process that was based on stringent criteria including the highest turnover and highest established service satisfaction record. Pat Lamont of Nedbank Home Loans said that it was a privilege to have such a prominent contingency of qualifying participants partaking in this year's event. "It pays testimony to the fact that through hard work and dedication, professionals can trade through challenging markets and, above all, excel through such circumstances by making a noticeable difference in going the extra mile. "The industry has seen large scale consolidation and rationalisation over the last two years with a visible decline in property professionals. It is however reassuring to note that there are still professionals of resilience in the midst of one of the most severe global recessions. "Nedbank Home Loans is humbled to partner with property professionals of such high stature and congratulates the 'Young Lion' winner, Mark Corbett, on his remarkable achievement in winning this year's prestigious accolade."

Winner - 2010 Concrete Manufacturers Association Awards

Century Property Developments is honoured to receive the 2010 Award for Excellence in a premier category for Waterfall Hills' boulevard design and intricate layouts. This award follows in the footsteps of Waterfall Equestrian Estate, which had historically won 7 of the CMA Concrete Manufacturers Association's Masonry Awards for Excellence, with two being in the Premier category, two years in a row – the first such achievement by any property developer. Quoted as being one of the most celebrated companies within the South African property arena, Century Property Developments consider these awards as a method to set the group apart from its competitors, allowing it to set the benchmark for other developers to follow.
